## Kerabit AluSeal

Päivitetty 10.10.2019 Tulostettu 2.4.2025

AluSeal is a self-adhesive, waterproof sealing tape, coated with a polyester-reinforced aluminium membrane. The sealing tape adheres to metal, plastic, glass and various roofing materials.

AluSeal can be used to repair and patch roofing tiles, steel chimneys, metal roofs, eaves gutters and roof lead-throughs. The surface of the Kerabit AluSeal sealing tape can be painted if necessary.

The product is not recommended for use indoors.

## Technical data

<b>Manufacturer / Manufactured for</b>	Nordic Waterproofing Oy/Lohja Plant
<b>Country of origin</b>	Italy
<b>Conformity marking</b>	CE
<b>Fire Classification</b>	category E
<b>Application temperature</b>	Installation temperature +5 °C ... +45 °C, operating temperature -40 °C / +80 °C
<b>Nominal thickness</b>	1,5 mm
<b>Rolls size</b>	50 mm x 10 m, 75 mm x 10 m, 100 mm x 10 m, 150 mm x 10 m and 300 mm x 10 m

## Additional information

UV Resistance    resists (NTF 30018)
