Kerabit Edge Trim

Päivitetty 26.9.2024 Tulostettu 12.11.2026

Kerabit Edge Trim is an edge trim intended for the upper edge of Kerabit Foundation Wall Membrane, used to close the air gap. The edge trim prevents debris and soil from entering between the basement wall and the foundation wall membrane. The trim is made of polyethylene and has pre-drilled holes for fastening.

Technical data
