

## Kerabit KBL 20/100

Päivitetty 25.4.2023 Tulostettu 28.5.2023

Kerabit KBL 20/100 Modified Bitumen Primer is a cold-applied, nicely spreading, quick-drying modified bitumen solution containing adhesion improving agents.

Kerabit KBL 20/100 forms an excellent underlay for an isolation layer made of Kerabit KB 100/50 modified bitumen or of torch-applied modified bitumen membranes. For adhesive application on demanding substrates (concrete and metal surfaces) when modified bitumen or torch-applied modified bitumen membranes are used. Mix before use.

The product is not for use indoors.

### Technical data
